

RHYTHM SHEET 3/8 TIME

The first row contains six measures, each with a single dotted quarter note. The second row contains six measures, each with a group of three eighth notes beamed together. The third row contains six measures, each with a group of six sixteenth notes beamed together.

Draw the rhythms of tricky bars here. Make sure that you line them up underneath the printed rhythms.
Try clapping all bars against the metronome.

Ten blank musical staves are provided for drawing rhythms. Each staff begins with a double bar line on the left and has five vertical tick marks across the staff to indicate the division of the bar into six equal parts, corresponding to the 3/8 time signature.
